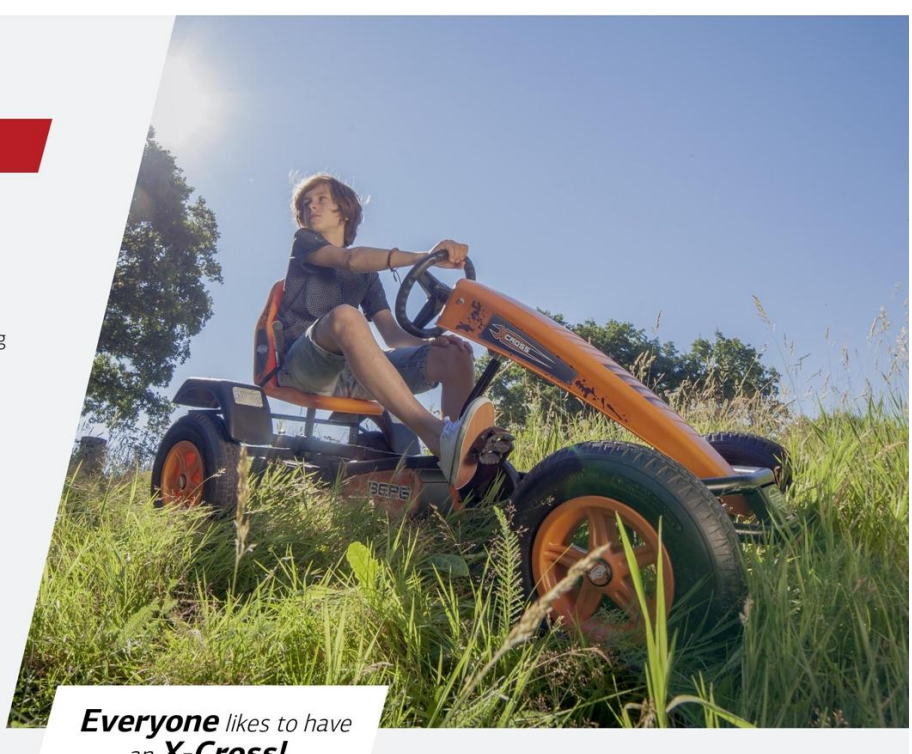
BERG X-CROSS

Off-road

With its sturdy looks, this go-kart looks solid, and it sure is solid! This kart is designed for great outdoor adventures. With the five-spoke rim and air filled tyres you can easily drive through the mud. An extra spatter doesn't matter. The tyres spin smoothly thanks to the ball bearings. Therefore your kart drives light. That enables you to have long and serious adventures outside!



Everyone** likes to have an **X-Cross!

age 5+

1. BFR & BFR-3 FRAME

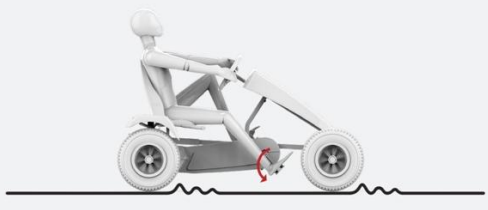
Inspiring Active Play

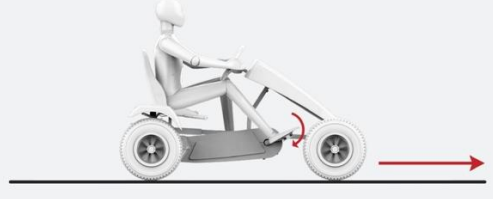
All BERG Frames, except the E-BF frame, are equipped with an unique BFR-system, incorporating a back pedal brake, together with forward and reverse pedaling. For maximum safety pedaling forward and reverse are automatic with no need for a lever or switch.

The BFR-system incorporates a freewheel. Which means that the pedals do not turn when the kart is moving and you stop pedaling. Resulting in a very safe ride.

Next to the BFR-system most themes are also suitable for a BFR-3 system. On every page in this brochure you can find if a BFR-3 system is also an option for that particular theme.

The BFR-3 system has al the benefits as the BFR hub. The advantage is that this system has 3 gears for optimal speed and comfort. The 2nd gear is equal to the "normal" forward motion of the BFR hub. The 1st is a little lighter and the 3rd a little heavier. With the BFR-3 system the go-kart is suitable for all terrains.





The ultimate quality go-kart!

4. ADJUSTABLE SEAT

Inspiring Active Play

Every BERG Frame has an adjustable seat. The seat can be set in 6 (XL Frame) or 8 (XXL Frame) different positions resulting in many years of driving pleasure!

5. SWING AXLE

Inspiring Active Play

BERG Go-karts are designed to be suitable for all terrains. Smooth, bumpy, hard or soft ground. It's no problem for this ride-on!

Thanks to the swing axle all 4 wheels will stay in contact with the ground and this gives you optimal grip and control.
